FIRE PREVENTION WEEK

CLOSE READING PASSAGES

GRADE 2-3

Name: _____

Fire Safety Week

Fire Safety Week is a special time when we learn how to stay safe if there's ever a fire. We learn about important things like smoke alarms and fire extinguishers. Families, smoke alarms, and fire extinguishers make a loud noise to warn us. We also learn about how to get out of a house if there's a fire. When we catch on fire, we should get out and call around to get help. Every year, communities observe Fire Safety Week, and we practice fire drills.

Name: _____

Fire Drills

In schools, fire drills are important practice sessions to help everyone know what to do if there is a fire. During a fire drill, everyone needs to leave the classroom and walk in a line to the meeting spot outside. Fire drills help keep everyone safe in case of a real fire.

Name: _____

Fire Prevention Week

Every year, communities observe Fire Prevention Week. During this special week, firefighters visit schools and homes to teach children about fire safety.

Name: _____

Preventing Fires

Fires can be dangerous, but we can prevent them by being careful. Always remember to never play with matches or lighters. These are tools for grown-ups to use safely. Make sure to ask for help if you see a fire. Also, keep things that are hot, like heaters or stoves. When you see a fire, call for help from a grown-up. Remember, being safe is the most important thing. What are two things you should do to prevent fires? 2. Where should you keep things that are hot?

Name: _____

Firefighters' Heroes

Firefighters are brave men and women who help keep homes and schools safe from fire and smoke. Firefighters wear special clothes and helmets to protect themselves. They use fire engines to put out fires. Firefighters spray water on the flames. They help people and animals from fires. Firefighters are always ready to help, and they are very brave! What are two things you can do to help firefighters? 2. How do firefighters protect themselves?

Name: _____

Smoke Alarms

In our homes, we have special machines called smoke alarms. Smoke alarms are like little detectives. They have super noses that can smell smoke. When they smell smoke, they make a loud noise, like "beep, beep, beep!" This noise tells us to get out of the house quickly.

Name: _____

Preventing Fires

Fires can be dangerous, but we can prevent them by being careful. Always remember to never play with matches or lighters. These are tools for grown-ups to use safely. Make sure to ask an adult for help. Also, keep things that can catch fire away from heaters or stoves. When you see a fire, call for help from a grown-up. Remember, being safe is the best way to live. What are two things you should never do to prevent fires?

Name: _____

Fire Prevention Week

Every year, communities observe Fire Prevention Week to learn how to stay safe from fires. During this special week, firefighters visit schools and homes to teach about fire safety. They talk about important things like having smoke alarms and making escape plans. They also show kids how to stop, drop, and roll.

Name: _____

Fire Drills

In schools, fire drills are important practice sessions to help students and teachers know what to do if there is a fire. During a fire drill, everyone needs to leave the building quietly. They should follow their teacher's instructions and walk in a line to the outside. Fire drills help keep everyone safe in case of a real fire. How often should fire drills be held in schools?

Name: _____

Firefighters' Heroes

Firefighters are brave men and women who help us stay safe. They wear special clothes and helmets to protect themselves from fire and smoke. Firefighters drive big trucks called fire engines to put out fires. They use hoses to spray water on the flames. Sometimes, they rescue people and animals from burning buildings. Firefighters are always ready to help, and we are grateful for their bravery!

1. What do firefighters wear to protect themselves from fire and smoke?

2. What do firefighters use to put out fires?

3. What do firefighters sometimes rescue from burning buildings?

Name: _____

Smoke Alarms

In our homes, we have special machines called smoke alarms. Smoke alarms are like little detectives. They have super noses that can smell smoke. When they smell smoke, they make a loud noise, like "beep, beep, beep!" This noise tells us to get out of the house quickly because there might be a fire. Smoke alarms are our friends because they help keep us safe.

1. What do smoke alarms do when they smell smoke?

2. How do smoke alarms alert us when they detect smoke?

Name: _____

Fire Safety Week

Fire Safety Week is a special time when we learn how to stay safe if there's ever a fire. We learn about important things like smoke alarms and how to make a plan with our family. Smoke alarms are like our special helpers. They make a loud noise to wake us up if there's smoke in the air. We learn about "Stop, Drop, and Roll." If our clothes catch fire, we remember to stop, drop to the ground, and roll. We practice these important things so we can be safe if there's ever a fire.

1. What is Fire Safety Week about?

2. How do smoke alarms help us?

3. What should we do if our clothes catch on fire?
