LEGEND GROWS
As Johnny traveled, more and more people heard about him. They called him "Johnny Appleseed" because of his love for apples. People were told about his life and how he helped others today. His kindness and generosity lives on. The apple trees he planted are still there for generations to come. His legacy lives on. The apple trees he planted for generations to come. His generosity continue to inspire people to help others whenever we can. Remember Johnny Appleseed as a true American hero.

**JOHNNY APPLESEED
(SEPTEMBER 26TH)**

Johnny Appleseed was a famous American who lived a long time ago. He was born on September 26th. Johnny's real name was John Chapman. He was born in Massachusetts in the year 1774. Johnny grew up in a farming family. He loved nature and spending time outdoors.

APPLE SEEDS
Johnny Appleseed loved apples! He believed that everyone should have apples to eat. He traveled across the country planting apple seeds. He would walk for hundreds of miles, carrying a bag full of apple seeds. Johnny would find a good spot, dig a small hole, and plant the seeds.

HELPING OTHERS
Johnny Appleseed's kindness extended beyond self-interest; he planted apple seeds not just for himself but for others as well, aiming to spread the joy of apples far and wide. Welcomed with warmth and gratitude, his presence brought positivity and prosperity to communities, enriching lives with the promise of abundance and delight.

SIMPLE LIFE
In the realm of simplicity, Johnny found contentment. He did not seek grandeur for a modest existence. He was not interested in the trappings of opulence, as he cherished the simple life. Clad in weathered garments, he was attuned to the earth beneath his feet. In the tranquility of nature, Johnny found fulfillment in its unassuming grace. He derived profound happiness from helping those in need, embodying the beauty of a life lived simply.
