

Labor Day

JOBS AND CAREERS

READING COMPREHENSION

DISCOVERING NEW OPPORTUNITIES
The world is always changing, and so are job opportunities. New technologies and industries are emerging that we may not have even imagined. It's exciting to think about the possibilities.

JOBS AND CAREERS
Have you ever wondered what you want to be when you grow up? There are so many different jobs and careers out there waiting for you to discover. Let's learn more about the exciting world of jobs and careers!

EXPLORING DIFFERENT JOBS
Every job is unique and important in its own way. Some people work in offices, using computers to do their jobs. Others work outdoors, like farmers or construction workers. There are also people who help keep us healthy, like doctors and nurses.

FINDING YOUR PASSION
One of the most exciting things about jobs and careers is finding something you love to do. Imagine waking up every day excited to go to work because you love what you do. Think about your interests and hobbies - they might give you a clue about what you want to do in the future.

EDUCATION AND TRAINING
Many jobs require specific skills and knowledge. That's why education and training are important. You might need to go to college, technical school, or learn on the job through apprenticeships. Education opens doors to many career opportunities.
