HALLOWEEN FESTIVITIES
Halloween is a spooky, fun celebration that happens in October. People dress up in costumes, carve pumpkins, and go trick-or-treating for candy.

CHANGING LEAVES

AUTUMN ARRIVAL
As the days get shorter and the air becomes cooler, we know that autumn, or fall, is here. It's a time when nature puts on a colorful show for us.

TRANSFORM
Have you ever noticed how the leaves on the trees change color during autumn? They go from being green to vibrant shades of red, yellow, and orange. This happens because the trees stop making chlorophyll, the green stuff that helps them make food.

NATURE'S PAINTBRUSH
Chlorophyll fades away, other pigments in the leaves take over. These are like nature's paintbrush, creating beautiful colors in the trees. It's like a giant artist painting the sky!

It's a great time to go outside and explore nature. You can take a walk in a nearby park to see the changing leaves up close. Don't forget to bring a camera to capture the beauty!

RIBBON AND JUMPING FUN
One of the best parts of autumn is jumping into piles of leaves and then leaping into them is so fun.

HARVEST
Autumn is a time for harvest celebrations. We enjoy things like pumpkins, apples, and delicious food made from these ingredients.
