Activity

HONEYBEES **FLIPBOOK**

Ready to Print

September is Honey Bee Month, a time to learn about these fascinating insects. Honeybees are small, yellow and black insects that live in hives. They are important because they help plants grow by spreading pollen from flower to flower. Honeybees make honey, which is a sweet and sticky food that people love to eat.

What You have learned so far?

WHAT I LEARNED

1. What color are honeybees?

2. Why are honeybees important to plants?

3. What do honeybees produce that people enjoy eating?
