WHAT I LEARNED

Ready to Print

Every year on October 16th, we celebrate Dictionary Day. This special day honors Noah Webster, who created the first American dictionary. A dictionary is a book that lists words in alphabetical order and explains what they mean. People use dictionaries to learn new words and understand how to spell them. On Dictionary Day, children and adults have fun looking up new words and learning about their meanings.

What You have learned so far?

WHAT I LEARNED

1. When is Dictionary Day celebrated?

2. Who created the first American dictionary?

3. What does a dictionary do?
