Every year, in the heart of New York City, there is a special event called the Rockefeller Christmas Tree Lighting. This tradition started in 1933, and it brings joy and excitement to people from all over the world. A huge Christmas tree, usually around 75 to 100 feet tall, is chosen and decorated with thousands of colorful lights. When the tree is lit up for the first time, it marks the beginning of the holiday season in New York City. Families gather to watch the magical moment, listen to festive music, and enjoy the holiday spirit together.
