Ready to Print

St. Patrick's Day is a special holiday celebrated on March 17th every year. People wear green clothes and shamrocks on this day. Shamrocks are small green plants with three leaves. St. Patrick's Day is a day to remember Saint Patrick, who is the patron saint of Ireland. He is said to have chased all the snakes out of Ireland. People celebrate with parades, dances, and by eating traditional Irish foods like corned beef and cabbage. Some people even pinch those who aren't wearing green!
