APRIL FOOL'S DAY FLIPBOOK

Ready to Print

April Fools' Day is a fun holiday celebrated on April 1st every year. On this day, people play tricks and jokes on each other. Sometimes, these jokes are silly and harmless, like putting a fake spider on someone's desk. Other times, they might tell funny stories that aren't true, like saying there's a dog driving a car outside! It's all in good fun, and everyone laughs together. But remember, the jokes should never be mean or hurt anyone's feelings. It's a day to have fun and make people smile!
