**WHAT I LEARNED**

Ready to Print

Spring is a special time of year when flowers bloom and the weather gets warmer. Many families have traditions they celebrate every spring. One common tradition is having a picnic in the park. People bring blankets, sandwiches, and play games like frisbee. Another fun tradition is planting a garden. Families work together to plant flowers and vegetables, and they watch them grow all season long. Some people also enjoy flying kites. They love to see the colorful kites soaring high in the sky on a windy day.
