ARBOR DAY **FLIPBOOK**

Ready to Print

Arbor Day is a special day when people all around the world celebrate trees. On Arbor Day, people plant trees in parks, gardens, and sometimes even in their own yards. Trees are important because they give us fresh air to breathe and provide homes for animals. Arbor Day helps us remember how important it is to take care of trees and our planet.

What You have learned so far?

WHAT I LEARNED

1. What do people celebrate on Arbor Day?

2. Where do people plant trees on Arbor Day?

3. Why are trees important?
