

VETERANS DAY

READING COMPREHENSION

VETERANS DAY

Veterans Day is a special holiday in the United States that is celebrated on November 11th every year. It is a day when we honor and remember the brave men and women who have served in the military to keep our country safe and free. These people are called veterans. They may have served during a war or during times of peace, but they all played an important role in protecting our country.

Many people show their appreciation for veterans on Veterans Day by attending parades, wearing red poppy flowers, or by visiting memorials. The red poppy is a symbol of remembrance and honor for those who have served in the military. People wear them to show that they remember and appreciate the sacrifices that veterans have made for our country.

On Veterans Day, schools and businesses often have special ceremonies to thank and honor veterans. Some communities even hold special events to raise money for veterans and their families. It is a time for everyone to come together and show their gratitude for the courage and sacrifice of these special people.

It is important to remember that Veterans Day is different from Memorial Day. While both holidays honor the military, Memorial Day is a day to remember and honor those who died while serving in the military. Veterans Day is a day to honor all who have served, whether they are still with us or have passed away.

On Veterans Day, let's take a moment to remember the brave veterans who have served our country and made sacrifices to keep us safe and free. We can show our appreciation by being kind and respectful to them and by recognizing the importance of their service to our nation.

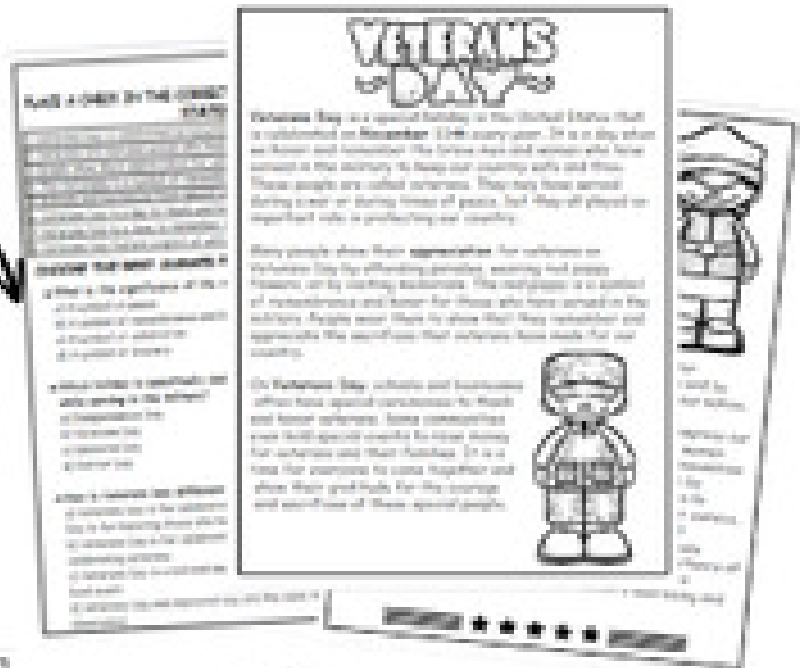

Veterans Day serves as a significant reminder to express our respect for the courageous men and women who have served in the military. It is a time for communities to acknowledge the sacrifices made by veterans and to show appreciation for their dedication to keep us safe and free. By honoring their service, we uphold the values of honor and respect.
