# WORLD ENVIRONMENT DAY

World Environment Day is a special day celebrated around the globe to raise awareness about environmental issues. It's a day when people come together to learn about how they can help protect our planet. Let's explore what this day is all about!

### WHAT IS WORLD ENVIRONMENT DAY?

World Environment Day is celebrated every year on June 5th. It was established by the United Nations in 1974 and has since become a global platform for positive environmental action. Each year, there is a different theme for World Environment Day, focusing on a specific environmental concern.

### WHY IS IT IMPORTANT?

Taking care of our environment is crucial because it's where we live, play, and get our food and water from. When we harm the environment, we also harm ourselves and the animals that share our planet. World Environment Day reminds us that we all have a role to play in protecting nature.

### HOW CAN WE CELEBRATE?

There are many ways to celebrate World Environment Day! We can plant trees, clean up litter in our neighborhoods, recycle, conserve water, and learn about endangered species. Every small action adds up to make a big difference!

### THE 2024 THEME: "PROTECTING OUR OCEANS"

This year, the theme for World Environment Day is "Protecting Our Oceans." Our oceans are home to incredible creatures like whales, dolphins, and colorful fish. But they're also facing threats like pollution, overfishing, and climate change. It's up to us to take action to keep our oceans clean and healthy.

# Ready to Print & Editable

### WHAT CAN YOU DO?

Even as kids, we can help protect our oceans! We can reduce our use of single-use plastics like straws and plastic bags, participate in beach clean-ups, and spread awareness about ocean conservation. By working together, we can make a positive impact on our planet.

### CONCLUSION:

World Environment Day is a reminder that we all share the responsibility to take care of our planet. By making small changes in our daily lives and spreading awareness, we can create a brighter, cleaner future for ourselves and generations to come. So let's celebrate World Environment Day and commit to protecting our beautiful Earth!

### SHORT ANSWER QUESTIONS

1. What is the purpose of World Environment Day?
2. When is World Environment Day celebrated?
3. What is the theme for World Environment Day 2024?
4. Why is taking care of the environment important?
5. How can kids help protect our oceans?

6. What is the theme for World Environment Day 2024?

- a) Protecting Our Forests
- b) Protecting Our Oceans
- c) Protecting Our Mountains
- d) Protecting Our Deserts

7. What are some threats to our oceans?

- a) Pollution, overfishing, and climate change
- b) Too many fish
- c) Clean water
- d) Too much sunlight

8. How can kids help protect our oceans?

- a) By throwing garbage into the ocean
- b) By using more single-use plastics
- c) By participating in beach clean-ups and recycling
- d) By ignoring environmental issues

9. What is one action suggested to protect our oceans?

- a) Using more single-use plastics
- b) Ignoring beach clean-ups
- c) Participating in beach clean-ups
- d) Wasting water

10. What does World Environment Day remind us to do?

- a) That we should harm the environment
- b) That only adults can take action
- c) That we all have a role to play in protecting the environment
- d) That we should ignore environmental issues

## ANSWER KEY

### MCQS

1. b) To raise awareness about environmental issues
2. c) June 5th
3. a) The United Nations
4. b) Because it's where we live, play, and get our food and water from
5. b) Plant trees and clean up litter
6. b) Protecting Our Oceans
7. a) Pollution, overfishing, and climate change
8. c) By participating in beach clean-ups
9. c) Participating in beach clean-ups
10. c) That we all have a role to play in protecting the environment

### SHORT-ANSWER QUESTIONS

1. The purpose of World Environment Day is to raise awareness about environmental issues.
2. World Environment Day is celebrated every year on June 5th.
3. The theme for World Environment Day 2024 is "Protecting Our Oceans."
4. Taking care of the environment is important because it's where we live, play, and get our food and water from.
5. Kids can help protect our oceans by participating in beach clean-ups and reducing plastic use.
