WHAT IS A YO-YO
Yo-yos are classic toys that have been enjoyed by children for centuries. They consist of two disks, usually made of plastic or wood, connected by an axle. A string is wound around the axle, allowing the yo-yo to be thrown down and then returned to the hand with a simple flick of the wrist.

HISTORY OF THE YO-YO
The exact origins of the yo-yo are unknown, but it is believed to have been invented over 2,500 years ago. Early yo-yos were made from materials like wood, metal, or even terracotta. They were used as toys, but also as hunting weapons and tools for communication.
