**MALALA
YOUSAFZAI**

She is known for being an activist. Malala became famous for her advocacy for girls' education, especially in her native Swat Valley in Pakistan, where the Taliban had banned girls from attending school. In 2014, she became the youngest-ever Nobel Prize laureate for her courage and determined efforts to promote education for all children.

**RUTH
BADER
GINSBURG**

Ruth Bader Ginsburg was born in Brooklyn, New York, in 1933. She was a lawyer and judge. Ruth Bader Ginsburg fought for gender equality and women's rights throughout her career. She was appointed to the Supreme Court of the United States in 1993, becoming the second woman to serve on the nation's highest court. Ruth Bader Ginsburg's husband's illness and disease helped to advance equality for women in areas such as employment, education, and reproductive rights.

**SALLY
RIDE**

Sally Ride was born in the United States in 1931. She was an astronaut and physicist. Sally Ride made history in 1983 as the first American woman to travel into space aboard the Space Shuttle Challenger. During her career at NASA, Ride contributed to scientific research and education initiatives, inspiring generations of young people, particularly girls, to pursue careers in STEM fields.

**AUDREY
HEPBURN**

Audrey Hepburn was born in Belgium in 1929. She was an actress and humanitarian. Audrey Hepburn is renowned for her iconic performance in classic films such as "Breakfast at Tiffany's" and "Roman Holiday." Beyond her acting career, she dedicated much of her life to humanitarian work, serving as a UNICEF Goodwill Ambassador and advocating for children's rights and humanitarian causes around the world.

**COCO
CHANEL**

Coco Chanel was born in France in 1883. She was a fashion designer. Coco Chanel revolutionized the fashion industry with her elegant and practical designs, introducing timeless classics such as the little black dress and the Chanel suit. Through her innovative approach to fashion, Coco Chanel empowered women by providing them with comfortable and stylish clothing options that departed from the restrictive and elaborate fashions of the time.

**MAE
JEMISON**

Mae Jemison was born in the United States in 1950. She is an astronomer, physician, and engineer. Mae Jemison made history in 1992 as the first African American woman to travel into space aboard the Space Shuttle Endeavour. Besides her remarkable career as an astronaut, Jemison is also a trained physician and has been a strong advocate for science education and diversity in STEM fields.

**ANNE
FRANK**

Anne Frank was born in Germany in 1929. She was a writer and diarist. Anne Frank's diary, written while she and her family were in hiding during the Holocaust, has become one of the most widely read books in the world. Through her poignant and insightful writings, Anne Frank provided a firsthand account of the human experience during one of the darkest periods in history, inspiring readers with her resilience, hope, and belief in the power of goodness.

**MARGARET
THATCHER**

Margaret Thatcher was born in the United Kingdom in 1925. She was a politician and served as the Prime Minister of the United Kingdom from 1979 to 1990. Margaret Thatcher was the first woman to hold the office of Prime Minister in the United Kingdom. Known as the "Iron Lady," she implemented conservative economic policies and played a significant role in shaping British politics during her tenure.
